**RESPONSE TO OFFICE ACTION AND AMENDMENT**

Sir:

This is in response to an Office Action mailed July 12, 2001 with a three-month response date in the above-identified case. The Applicant hereby petitions for a two-month extension under 37 CFR 1.18 for an extension from October 12, 2001 to December 12, 2001.

Please add an Abstract as follows:

C1  
Electro-optical glazing structures having total-reflection and semi-transparent and totally transparent modes of operation that are electrically switchable for use in dynamically controlling electromagnetic radiation flow in diverse applications.

**REMARKS**

This is in response to Office Action mailed on July 12, 2001 with a three-response date of October 12, 2001. The applicant has petitioned for a One Month Extension under 37 CFR 1.18.

The Examiner has kindly examined the examination and submitted several rejections, objections and requirements.

The Examiner has required the Applicant to supply an Abstract on a separate sheet. The Applicant has included the text of the Abstract above and on a separate sheet attached.

The Examiner has rejected Claims 1-4, 9, 10, 13, 17, 32, 68, 69, 72, 79, 84, 96-99 and 101 under 35 USC 102(e) as being anticipated by Faris et al., US5940150, ('150). The Applicant traverse this rejection because the instant application is a 371 application based on International Application PCT/98/03688 filed on 25 February 1998 that has US patent application 08/805,603 ('603) filed on 26 February 1997 as a priority document. The '603 application
